BALENS THERAPIST INSURANCE

As a health and well-being professional ensuring you have good quality insurance is essential in promoting a professional image as well as protecting yourself and your business.

Should the unfortunate occur, you could be held legally or financially liable if it were proved that your client suffered financial loss or injury as a result of your advice, treatments or products. Balens policy will meet that need and provide defence and payment of damages for the above, as well as covering other risks and offering various other services.

Balens progressive hybrid policy includes all the benefits of both a claims occurring and a claims made policy, therefore removing the disadvantages usually associated with both. Clients have the reassurance that all previously insured work is covered, regardless of the insurer. Clients who cease the policy can also rest assured that they will be covered for any claims that could arise related to work carried out during their period of insurance with us.
